

**Reasons for Support:** Gavin is the Chief Financial Officer for a major medical group in Fort Collins and has 25 years of experience in finance. This is a skill set that has been sadly lacking on the current City Council. In addition, Gavin's opinions on key issues align nicely with FCBR's positions. He is thoughtful and intelligent, with no agenda other than the desire to serve and solve community issues. He has been active in the Chamber of Commerce, serving on the Local Legislative Affairs Committee. In short, he has the skills and experience to be an able and effective councilor as well and an ally for FCBR.
